We have posted to reroute to BWB and the Tunnel

Problem is that we have a Bridge and the CBSA plaza completely blocked and full of trucks. This is a huge public safety issue.

Joe,

I am asking for your patience. We have a lot of moving parts and we will update you when we can. Is there any success in the rerouting message?

Jay

Can we route trucks left and right on College?

From: Crowley, Jason <jcrowley@windsorpolice.ca>

Subject: RE: Current situation

I understand that but its difficult to keep doing that because of a red light camera at Tecumseh Rd... it will back up very quickly to College.

Thanks Jason ..

When you do get a lane open, it would be very helpful if the Officers at College and HCR can wave trucks through the intersection so the CBSA plaza can get flushed

It appears that we are on a complete shutdown again .. there is absolutely no movement off the Bridge now.

Trucks are lined up on 1-75 in the US for approximately 3 miles from the Bridge
